CELEBRATIONS

National Science Day Celebration

The Science Club of our College celebrated the 38th National Science Day with great enthusiasm and fervor on 12th and 13th March 2024. The event was held in line with the theme announced by the Department of Science & Technology, Government of India, for this year's celebration: "INDIGENOUS TECHNOLOGIES FOR VIKSIT BHARAT". This theme emphasized the significance of leveraging indigenous technologies for achieving the vision of a developed and self-reliant India. National Science Day, observed annually on February 28th, commemorates the discovery of the Raman Effect by Indian physicist Sir C.V. Raman. However, due to academic scheduling, our college celebrated the event a little later in March, bringing together students, faculty, and science enthusiasts for a series of intellectually stimulating activities and competitions.
