The session was enlightening and thought provoking to the students as the speaker included some real life examples and was taken by a professional who is also working in the same field, it would very well help the students in framing their future career as it was like guidance to them in the field of cyber security.

CRIME ANALYSIS AND CRIME MAPPING (23.09.2021)

Crime analysis includes tactical and strategic analysis and administration analysis. Crime analysis examines recent criminal events and potential criminal activity by analysis hoe, when and where the events to establish. Tactical analysis focuses on specific information about each crime such as method of entry, point of entry, suspect's actions, victim's characteristics, type of weapon used and date, time and location of the crime. Usually victims examined under tactical crime analysis are there in which the victim and offender are unknown to one another. Crime

mapping is used in tactical analysis to reveal analysis of criminal activity and to the identity clusters of criminal activity and to identity - optional relationship between crime and various geographic variables.

BEST PRACTICE

The Criminology Department is endeavoring to facilitate students with these best practices which can be just what's needed to keep educators grounded and to make positive impacts on all students.

❖ Make Learning Active

Students are provided with more impactful takeaways from doing rather than simply listening or viewing. Offer opportunities for students to be actively engaged in their learning and experimental journeys.

❖ Encourage Discussions

Through discussions, students are exposed to a variety of opinions and ideas that may or may not be similar to their own. Classrooms offer a perfect forum for teaching students to learn to share information, agree and disagree in a productive fashion.

1. Specially training students for competitive exams
2. Physical training (For the purpose of Uniformed services)
 - a. Rope climbing
 - b. Track & field events
3. Awareness on importance of PG degree
4. Arranging special coaching classes for MA Entrance exams and Technical Test.
5. Field visit
 - a. Police station

- b. Court
 - c. Central prison
 - d. NGO
6. Outdoor training
- a. Drill – Command & Control (Saluting without arms & with arms)
 - b. Night trekking
 - c. Rifle shooting
 - d. Swimming

THANK YOU
